

***Villa Suncokret is a dedicated retreat oasis run by specialized hosts who provide you with the support and expertise needed to house your very own holistic retreat, worry-free, at our beautiful villa on Hvar Island.***

## SUNCOKRET

Since 2004 we have been providing superior holistic holiday retreat experiences for groups from all corners of the globe. Our space is best for 7-9 people but can accommodate up to 11 or 12 guests in total. Those with larger groups often opt to book two back-to-back event weeks, understanding that the intimate and exclusive atmosphere we offer during our events is a key ingredient of the Suncokret experience.

## LOCATION

Suncokret is located in the charming village of Dol Sveta Ana, a pristine 12th Century hamlet discretely nestled into the verdant brush & pinewood forest which majestically rises above the island's oldest settlement, Stari Grad.

# ISLAND PRACTICE LOCATIONS

## By the Sea

Twice weekly, your group will be swept away to a gorgeous nature preserve surrounded by the sea, where you can hold afternoon practice. The area is abundant with an endless number of hidden bays, flat rock plateaus, and verdant forest clearings which make for a spectacular and unforgettable outdoor practice experience.

## The Abandoned Village

At the end of the week, your group will be transported to an abandoned village where time has been frozen in its tracks. Here you can enjoy your outdoor practice in perfect silence under a flat, shady area in front of a baroque church that is framed by towering pine trees and a magnificent view of the ancient village and its impressive hills in the distance. A picnic is served post-practice prior to setting off to the island's most famous town, Hvar.

## ITINERARY

As part of our weekly program, we offer the chance to explore the best of Hvar Island's natural, historical and cultural spots via our scheduled (but optional) daily outings. The scheduled afternoon program sessions by the sea and in nature will have you enjoying your practice in amazing locations, full of natural wonder and beauty. The end of the retreat week is topped-off by a magnificent sunset safari tour that will deliver you in body, mind, and spirit to the divine light of the sun. The combination of our outings, complimented with your own leisure time exploration, will immerse you in our island's culture in every possible way.

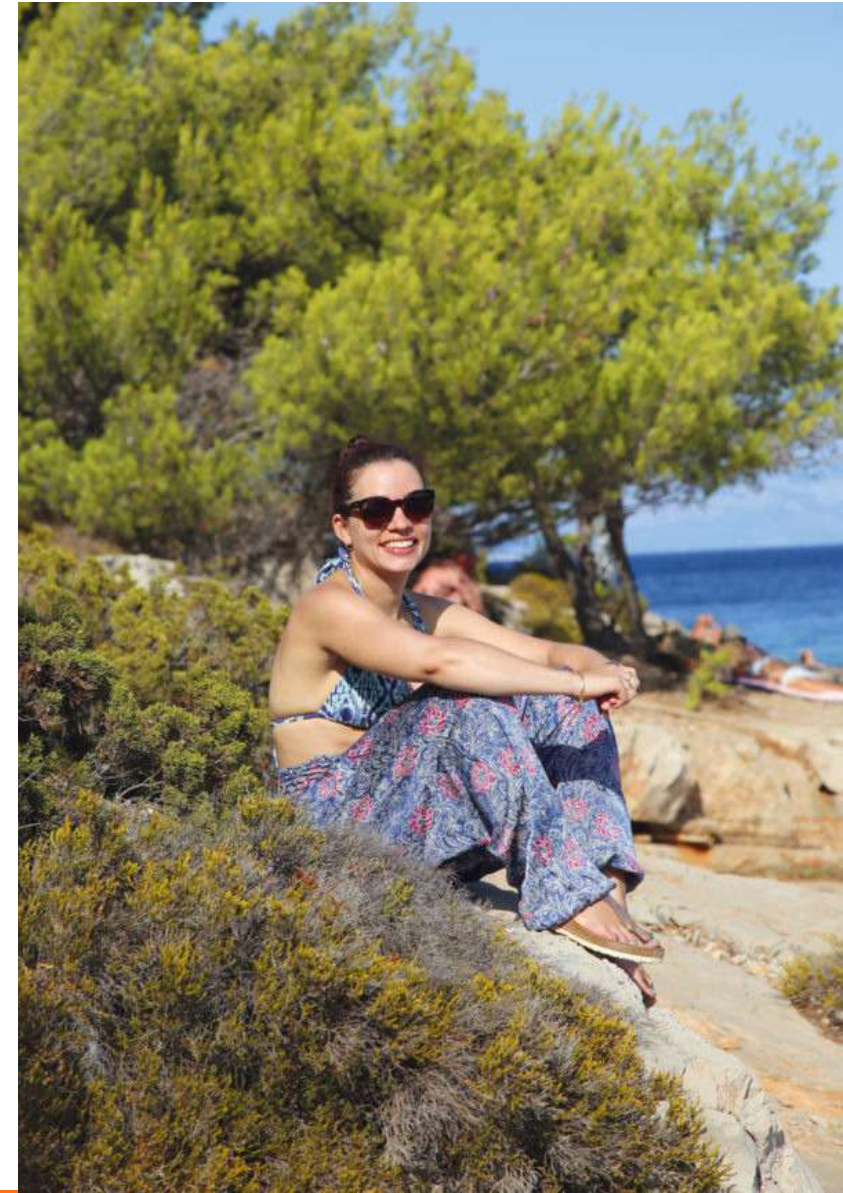

Within the standard 7 days/6-night classic retreat format, 15 dedicated program hours are easily provided. Check out our sample schedule of the teaching hours and themes from our yoga page for ideas on how to organize your own program.

# TASTY, SIMPLE & FRESH MEALS

We serve two meals per day; brunch and dinner. Our meals are predominantly made from fresh, organic, locally produced island ingredients (often our own), and are prepared and served with love.

Brunch is served in the garden and generally consists of fresh seasonal fruit, nuts, warm and cold cereals, fresh farm eggs, local bread and/or pastries, cheese spreads and homemade marmalade, yogurt and milk, as well as rice, coconut or almond milk. Local tap water, mineral water, coffee and herbal tea are available free of charge with each meal.

Dinner is also served in the garden and typically consists of a soup and salad starter, followed by the main dish (vegetarian or Dalmatian seafood specialties). Dinner is not provided on Fridays; instead, we offer a sunset safari tour, before or after which your group will have the opportunity to enjoy a celebratory dinner in an authentic Dalmatian restaurant.
